

รองศาสตราจารย์ นายสัตวแพทย์ ดร. สัมพันธ์ ธรรมเจริญ

คุณวุฒิ

Ph.D. (Physiology)

University of Zurich,

Switzerland พ.ศ.2552

วิทยาศาสตร์มหาบัณฑิต (สรีรวิทยาการสัตว์)

จุฬาลงกรณ์มหาวิทยาลัย พ.ศ. 2545

สัตวแพทยศาสตรบัณฑิต

จุฬาลงกรณ์มหาวิทยาลัย พ.ศ. 2538

ผลงานทางวิชาการ

งานวิจัย

ก. บทความวิจัยในวารสาร

1. Nguyen T, Nguyen TD., Nguyen TN., Chaiyabutr N., **Thammacharoen S.** 2026. Dietary vitamin E and selenium supplementation improves hematological responses and productivity of growing goats consuming diluted seawater under tropical conditions. **Vet World.** 2026 xx(xx): xxxxx. In press.
2. **Thammacharoen, S.,** Semsirboon, S., Saipin, N., Nguyen, T., Kakhai, C., Chaiyabutr, N., Poonyachoti, S. Mammary epithelial cells: Exploring the possibility of developing mammary organoids, artificial mammary glands, and mammary cell lines: **Veterinary Integrative Sciences** 2026, 24(2), 1–15.
3. Nguyen T., Nguyen TN., **Thammacharoen S.** Effects of salinity and drought on the productivity of ruminants and forage yield under tropical conditions. **Livestock Research for Rural Development** 2025, 37 (4). 47.
4. Tien TPV, Buranakarl C, Chamsuwan S, Chamsuwan S, **Thammacharoen S,** Nuntapaitoon M. Impact of colostrum lactose concentration in relation to metabolomic profiles on kid growth performance of Black Bengal goats. **Thai J Vet Med** 2025. 55(2). 2-10.
5. Semsirboon S, do Nguyen DK, Chaiyabutr N, Poonyachoti S, Lutz TA, **Thammacharoen S.** High Dietary Cation and Anion Difference Enhanced Renal Response to an Acute Acid Load of Lactating Goat Fed Under Tropical Conditions. **Anim Sci J** 2025. 96(1): e70062.

6. Vasaruchapong T, Chaiyabutr N, Nampimoon T, **Thammacharoen S**. Physiological responses of the monocled cobra (*Naja kaouthia* Lesson, 1831) including venom production, to high ambient temperature exposure. **J Venom Anim Toxins Incl Trop Dis** 2025. **31: e20240058**.
7. Lothong M, Kayan A, Malison M, Rakarcheep D, Samritwatchasai T, **Thammacharoen S**, Deachapunya C, Poonyachoti S. Cellular effects of oral egg yolk immunoglobulin-based supplementation at birth on promoting growth and strengthening intestinal mucosal innate immunity in pre-weaned piglets. **Front Vet Sci** 2025. **12:1458279**.
8. Chaiyabutr N, Chanpongsang S, **Thammacharoen S**. A descriptive review of the role of exogenous bovine somatotropin on milk secretion mechanisms at different stages of lactation in crossbred Holstein cattle in the tropics. **Vet. Integr. Sci** 2025. **23(2): e2025053-1-27**.
9. Nguyen T, Truong KV, Nguyen KKT, Nguyen NT, Chaiyabutr N, **Thammacharoen S**. Effects of diluted seawater in drinking water on physiological responses, feeding, drinking patterns, and water balance in crossbred dairy goats. **Vet World** 2024. **17(10):2398-2406**.
10. Nguyen T, Thanh DN, Trong NN, Chaiyabutr N, **Thammacharoen S**. Adaptation mechanism of Phan Rang sheep to salinity in drinking water under tropical conditions. **Anim Sci J** 2024. **95(1): e14007**.
11. Vasaruchapong T, Noiphrom J, Chaiyabutr N, **Thammacharoen S**. Behavioral and hormonal responses in the defensive repertoire during provocation in captive monocled cobra (*Naja kaouthia*). **Physiol Behav** 2024. **1;287: 114689**.
12. Nguyen T, Nguyen Trong N, Chaiyabutr N, **Thammacharoen S**. Diluted seawater decreased weight gain and altered blood biochemical parameters in Bach Thao goats. **Journal of Applied Animal Research** 2024. **52 (1), 2371123**.

13. Tien TPV, Buranakarl C, Chamsuwan S, **Thammacharoen S**, Ratchakom P, Nuntapaicon M, Settachaimongkon S. Changes in the metabolomic profiles of mammary secretion in relation to dam litter size and parity number in Black Bengal goats. **Veterinary World 2024, 17(7): 1469-1481.**
14. Buranakarl C, Chamsuwan S, **Thammacharoen S**, Ratchakom P, Chuaypen N. Single Nucleotide Polymorphisms of Growth Hormone Gene and Its Relationship with Growth Traits in Black Bengal Goats. **Animals 2024. 14. 834.**
15. Nguyen T, Nguyen Trong N, Chaibabutr N, **Thammacharoen S**. Effects of adaptive duration to salinity in drinking water on behavior, weight gain and blood biochemical parameters in growing goats. **Polish J of Vet Sci 2024. 27(1). 129-136.**
16. Nguyen T, Chaibabutr N, Semsirboon S, Chanpongsang S, **Thammacharoen S**. High dietary cation and anion difference formulation increased heat dissipation in non-lactating goats fed at high ambient temperature. **Veterinary World 2023, 16(12): 2403-2410.**
17. Nguyen T, Truong KV, Nguyen NT, **Thammacharoen S**. Salt tolerance threshold and physiological responses in Bach Thao goats drinking diluted seawater under tropical conditions. **Vet World 2023. 16(8):1714-1720.**
18. Lothong, M., Rukarcheep D, Wattanaphansak S, **Thammacharoen S**, Deachapunya C, Poonyachoti S **2023**. Differential innate immune response of endometrial cells to porcine reproductive and respiratory syndrome virus type 1 versus type 2. **PLoS One 2023. 18(4): e0284658.**
19. Likitnukul, S., **S. Thammacharoen**, O. Sriwatananukulkit, C. Duangtha, R. Hemstapat, C. Sunrat, S. Mangmool, and D. Pinthong. Short-Term Growth Hormone Administration Mediates Hepatic Fatty Acid Uptake and De Novo Lipogenesis Gene Expression in Obese Rats. **Biomedicines 2023. 11 (4).**

20. Semsirbmoon S, Do Nguyen DK, Chaiyabutr N, Poonyachoti S, **Thammacharoen S**. High Dietary Cation and Anion Difference and High-Dose Ascorbic Acid Modify Acid–Base and Antioxidant Balance in Dairy Goats Fed under Tropical Conditions. **Animals (Basel)** 2023. 13:970.
21. **Thammacharoen S**, Semsirbmoon S, Chitopas V, Tangcharoensin P, Kran Nilkachatarn K, Chaiyabutr N. Behavioral responses to baited enclosure method that activates habituation in stray dogs. **Vet World** 2023. 16(1): 12-17.
22. Lothong, M., K. Anurud, S. Semsirbmoon, S. Poonyachoti, **S. Thammacharoen**. The seasonal effect on the performance of pigs reared in a backyard pig farm in Thailand: retrospective study. **Journal of the Indonesian Tropical Animal Agriculture** 2022, 47(4). 328- 339.
23. Semsirbmoon S, Do Nguyen DK, Chaiyabutr N, Poonyachoti S, **Thammacharoen S**. Natural high ambient temperature-induced respiratory hypocapnia without activation of the hypothalamic-pituitary-adrenal axis in lactating goats. **Veterinary World** 2022, 15(11): 2611–2616.
24. Do Nguyen DK, Semsirbmoon S, Chaiyabutr N, **Thammacharoen S**. Effects of Low Dietary Cation and Anion Difference on Blood Gas, Renal Electrolyte, and Acid Excretions in Goats in Tropical Conditions. **Animals (Basel)** 2022. 12(23):3444.
25. Nguyen T., **Thammacharoen S**. Water and feed intakes, weight gain and plasma stress hormones of growing Boer crossbred and Bach Thao goats consuming with diluted seawater. **Livestock Research for Rural Development** 2022. 34(10). 1-7.
26. Nguyen T., Nguyen V H., Nguyen T N., **Thammacharoen S**. The effects of high saline water on physiological responses, nutrient digestibility and milk yield in lactating crossbred goats. **Livestock Research for Rural Development** 2022. 34(5). 1-7.
27. Buranakarl C, **Thammacharoen S**, Katoh K. Low colostrum immunoglobulin G concentration in Saanen dams with

seropositive to caprine arthritis encephalitis virus infection without affecting kid growth rate. **Thai J Vet Med** 2022. 52(1). 116-120.

28. Nguyen T., Nguyen V H., Nguyen T N., **Thammacharoen S.** Effects of high salinity in drinking water on behaviors, growth and renal electrolyte excretion in crossbred Boer goats under tropical conditions. **Vet World** 2022. 15(4). 834-840.

29. Suwanapaporn P, Wanasuntronwong A, **Thammacharoen S.** Arcuate proopiomelanocortin is part of the novel neural connection for the effect of low degree high ambient temperature on food intake. **Physiology & Behavior** 2022. 245. 113687.
